Education

KJ Somaiya College of Engineering

B.Tech Computer Engineering | Honors: Software & Mobile App Dev.

Mumbai, MH

GPA: 9.88/10.0 | 2024–2028

Mount Carmel College

Higher Secondary (ISC): 94.2% | Secondary (ICSE): 98.5%

Lucknow, UP

2012 – 2024

Experience

Full Stack Intern

Formial Labs

May 2026 – Present

Bengaluru, India — Remote

- Developed Shopify-based D2C commerce features, subscription workflows, and Razorpay payment integrations with custom backend services.
- Implemented event-tracking and analytics infrastructure (GA4, GTM, Meta Pixel) for attribution and conversion performance monitoring.

KJSCE CodeCell Member

K.J. Somaiya College of Engineering

Oct 2024 – June 2026

Mumbai, MH

- Co-led technical events and competitive programming initiatives for a student developer community of 500+ members.
- Set problems for CodeSpree and Crackathon, designing competitive programming rounds spanning data structures, algorithms, and problem difficulty calibration for club-wide contests.

Projects

Sandhaan – CSR/NGO Impact Verification Platform | *Next.js, TypeScript* [Live]

Aug 2026

- Cross-references corporate CSR spend, NITI Aayog district scores, and field reports to flag funding-vs-need mismatches and route corroborated signals to accountable officers.

Safeeyah – Guardrailed Reference-Text Q&A Assistant | *Python, LLM Retrieval* [Code] [Live]

June 2026

- Retrieval-scoped Q&A assistant that answers strictly from a fixed reference text, with guardrails against outside web knowledge and citation-grounded validation for full answer traceability.

Decay-AI – Trend Decline Prediction Platform | *Node.js, Express, PostgreSQL* [Live]

Feb 2026

- Trend analytics platform for early-stage decline detection using engagement saturation heuristics and lifecycle scoring.

Achievements

Datathon 24-Hr Hackathon | First runner-up among 100+ teams for building **Decay-AI**, an AI-powered trend analytics platform.

AlgoUniversity Tech Fellowship 2025 | Top 0.2% nationwide for advanced problem solving and technical aptitude.

Competitive Programming | **Specialist** on Codeforces; **3-Star** on CodeChef; 1500+ problems solved cumulatively across LeetCode, Codeforces, CodeChef, and CSES.

IET India Scholarship Award | National Finalist among top 150 of 44,000 applicants.

SPIT Codebuster Contest | 4th place in a city-wide competitive programming contest.

Technical Skills

Languages: Java, Python, C/C++, JavaScript/TypeScript, SQL

Frontend: React, Next.js, Tailwind CSS

Backend & APIs: Node.js, Express, Flask, REST APIs

Mobile & Cross-Platform: Swift (iOS), Kotlin (Android), Flutter, React Native

AI/ML & Computer Vision: OpenCV, YOLOv8, LLM Workflows & Retrieval-Augmented Generation

Databases & Cloud: PostgreSQL, MongoDB, Firebase, Supabase

Developer Tools: Git, GitHub, Postman, Vercel, Shopify, Razorpay
